Paenibacillus polymyxa, genome reduction, chassis, BGCS, 2,3-butanediol

A Corrigendum on Genome reduction in *Paenibacillus polymyxa* DSM 365 for chassis development

by Ravagnan G, Lesemann J, Müller M-F, Poehlein A, Daniel R, Noack S, Kabisch J and Schmid J
(2024). *Front. Bioeng. Biotechnol.* 12:1378873. doi: 10.3389/fbioe.2024.1378873

In the published article, there was an error in the **Funding** statement. The funder Deutsche Forschungsgemeinschaft (DFG, German Research Foundation), (No. 491062903) was not included. The correct **Funding** statement appears below.

Funding

The authors declare that financial support was received for the research, authorship, and/or publication of this article. This study is part of the German Federal Ministry of Education and Research (BMBF) funded project Polymore with the No. 031B0855A. Further funding was received from the German Federal Ministry of Education and Research (BMBF) with the No. 031B1134A, as part of the innovation lab “AutoBioTech,” and by the Deutsche Forschungsgemeinschaft (DFG, German Research Foundation) with the No. 491062903. We acknowledge support from open access publication fund of the University of Münster.

The authors apologize for this error and state that this does not change the scientific conclusions of the article in any way. The original article has been updated.
